Mid Sussex Marlins Age Group Long Course Records - Girls

The image shows a table template with three horizontal grey bars and four vertical black lines. The bars are positioned at approximately 20%, 45%, and 70% of the vertical height. The vertical lines are positioned at approximately 15%, 35%, 55%, and 75% of the horizontal width. This layout is typical for a long course record table where the bars represent the start and end of the race and the lines represent the start and end of the age group.
